

## TROPHY REPORT

All trophies have been presented.

Two came back with one handle broken off, but thankfully Dave Whelan managed to get them repaired for me in double quick time.

One was late. A telephone call resolved it.

One was engraved incorrectly and I had to have the incorrect name removed and replaced by the correct name. This involved having the incorrect name crossed out thus-- XXXXXXX. Fortunately it was a short name and did not require a second line to put the correct name on.

The easiest time I have ever had with the trophies!!!!

I usually use a silver replacement polish on some of the cups but unfortunately this year I ran out of it and could not buy more. If anybody knows where I can buy some I would be pleased to hear.

Bobbie Wilson.
