

Suffolk County ASA

AGM – November 2009

Development Championships Report

The Development Championships proved to be a great success in June 2009, with the number of swimmers taking part remaining high. This competition has certainly been a great addition to the calendar for the county over the past few years, and will continue to thrive in the future.

Once again, I would like to thank everyone for their support with the Championships, particularly Robin Deal who dealt with all the entries and Dave Whelan in organizing the officials.

There will be a number of alterations for 2010 -

- Qualifying times will be adjusted to fit in with County Qualifying Times and to ensure number of swimmers does not become too big
- Adjust the weekend that it is held in 2010 to 4th – provisional dates 26 and 27 June 2010.

I made everyone aware that I would like to stand down as Development Championship Secretary, and so I hope another willing volunteer will come forward.

Ian Cotton
