

# SWIMMING OFFICIALS REPORT

2022

With the On-line theory sessions fully established for Time keepers and Judge Levels 1 and Judge Level 2 being held virtually it is pleasing to see that there is a steady flow of officials arriving poolside and keen to have their competency signed off.

Any qualified referee at an organised meet, preferably licenced can sign off the sectional competence of Judge Level 1 and 2 in training who has passed the theory element. The region has agreed that either the County Officials Co-ordinator, myself, or someone appointed by them should sign the final overall competence of the trainee.

It is pleasing to see a good number of keen trainees' poolside around the county which bodes well for the future.

I am pleased to say that Chloe Woollard, Stuart Lundy, Caroline Cofield and Louise Perkins have recently qualified as starters, congratulations.

This year we had one trainee referee sit the referee's theory paper in early November as the second candidate sadly contracted Covid at the wrong time.

I would just like to thank all the officials who have come forward to offer their support for the Competitions run by the county.

Podge
