

## Development Meet 2022

A meet that over the weekend went smoothly and gave the county the first look of how Crown Pools will be set out going forward for County competitions.

We had the normal issue of age groups and having to change them from 'end of year' to 'at the meet'. We offered 'Time only' swims for those who meant they missed out, but this was then taken advantage of by others.

As the meet wasn't full, this didn't cause an issue on the day, but something we will look not to repeat again.

With no 'slower than' time for the meet, I was expecting a larger number of swimmers to take advantage.

Next year we will look to run the meet for those aged 10 and over, with 'No times' being able to be used. We could then look to run a County Novice meet for younger ages earlier in the year.

Thank you for all that helped out over the weekend, especially Sarah, Podge, Ian and John.
