

SECRETARY'S REPORT ANNUAL GENERAL MEETING 2023

It would have been difficult to imagine at last year's AGM that we would see the sad passing of our friend David (Dave) Robinson in early January of this year. Dave had been ever present for many of us involved with County Swimming and even now it is difficult to believe that he is no longer with us. His dedication to the sport of swimming will always be remembered, by myself, his Club, County and Region.

It has been a difficult year in other ways with a number of our volunteer posts remaining unfilled after the AGM. The efforts of those who have remained in post are very much appreciated. Without these volunteers County competitions would not take place! I would also like to make special mention of the efforts of Ann Byrne, who has continued to carry out the disability role after moving to Norfolk. Thank you to everyone.

In 2024 we have the new challenge of complying with the Swim England Governance Code and I would like to thank the members of the Management Board who have offered their services to help with the compliance of various aspects of the code.

Chris Vinter
Secretary, Swim England Suffolk
