Amateur Swimming Association

RECORD CLAIM FORM

Extract from County Rules

26 COUNTY RECORDS

- 1 County records shall be recognised where made by a swimmer who is a bona fide member of a club affiliated to the Association and swimming in the name of that club or as a member of a team representing the Association.

Where a swimmer is competing in an ESSA or national BUCS competition or competing for a Regional or National team, providing the swimmer has not represented another County or competed in another County's Championships in the twelve months prior to the swim they are eligible for a record.

- 2 For relay events the team must represent a club directly affiliated to the Association and every member must be a member of that club.
- 3 Separate lists of Senior and Junior and individual records for both Long and Short Course records shall be maintained for all recognised distances. Junior records are recognised for swimmers whose age is under 16 years at midnight on the day of the swim.
- 4 Age Group records shall be maintained for distances and age groups as determined by the Association. The age for these records to be as at midnight on the day of the swim.
- 5 Relay records shall be maintained for distances and age groups as determined by the Association. The age for these records to be as at midnight on the day of the swim.
- 6 The time shall be taken by AOE or at least two qualified timekeepers using hand held electronic timers. When AOE is not used the claim form should be certified by the referee.
- 7 Except for the County Championships, application must be made, by the swimmer, on the form provided, within 28 days of the record being made along with a copy of the results or any other supporting documentary evidence the Records Officer may require.
- 8 All records require ratification by the Records Officer and details of new records shall be published at the first suitable opportunity.
- 9 A certificate shall be awarded by the Association for each record when it has been ratified.
- 10 Anything not covered in these conditions then ASA Laws and ASA Technical Rules as applied to English Records shall apply.
